DuraLife™

Decking Guide

Find the deck that fits your life with DuraLife™

DuraLife™
Garapa Grey MVP
Decking Pictured

DuraLife™
MVP
Profile

Gorgeous durable decking at a maximum value. Made from our unique polypropylene and hardwood composite so it's strong, yet lightweight. Proven co-extruded, capped surface protects the deck from everyday wear. Texture and colour variegation, so no one board is an exact replica of another, for a more beautiful deck. When the greatest performance is essential, choose MVP Profile decking.

DuraLife™
Starter
Profile

Create a stunning border with DuraLife™ Starter Decking. The Starter Profile works together with our DuraLife™ boards to hide the exposed edges of perimeter deck boards and stair treads, creating a clean, professional appearance.

DuraLife™
StepClip™
- Hidden Fastening System -

- **It's a Snap!** The patent-pending Step-Clip™ system reduces deck installation time by up to 50%. No spacing, extra measuring, or grabbing for fasteners, and less time bending up and down.
- **Faster:** Step-Clip™ reduces decking installation time by up to 50%.
- **Easier:** Spend less time on your hands and knees during deck board installation compared to traditional methods.
- **Efficient:** Decking can be laid out in advance to ensure that decking appearance is pleasing to the homeowner, and the contractor can install special cut boards around posts and other obstructions after all other boards are in place.
- **Easy to Replace:** If a deck board should be damaged, Step-Clip™ makes replacing damaged boards significantly easier.
- **No Joist Protection Tape:** The strip protects the top of the joist from water damage, rot and decay. Save money and time.
- **No Special Tools:** Install interlocking strips along joist with a nail gun or hammer.

DuraLife™ Colour Matched
Deck Board End Caps

DuraLife™ deck board end caps provide a finished-edge appearance when the end of the boards are visible.

Fits all DuraLife™ Decking profiles.
Great for stair treads! Comes in 3 colours.

DuraLife™ Decking

Poly-Pro Advantage™

A unique polypropylene & hardwood composite that outperforms other composite & PVC decking products

DuraLife™ Brazilian Cherry MVP Decking Pictured

- **Unmatched Strength:** DuraLife™ decking minimizes sagging & flex between joists; improves overall aesthetics and structural integrity.
- **Safe, Stable and Cool:** More solid under foot for added safety; less slippery, even when wet. Stays cooler under foot than average composite decking.
- **Stain & Fade Resistant:** Co-extruded polypropylene outer shell resists everyday spills and normal wear & tear. UV inhibitors provide added colour retention.
- **Mould & Mildew Resistant:** Resistance to mould & mildew growth; improves aesthetics and safety, requires little maintenance.
- **Moisture & Thermal Resistance:** Excellent moisture and thermal resistance; minimizes problems commonly associated with expansion and contraction.
- **The Colours You Want:** Available in beautiful trendy colours coordinating with your own outdoor living environment.
